

MUD FLAP WEIGHTS ANTI-SAIL BRACKET

Mud flaps protect the underbed of a truck or trailer from corrosion. They also prevent road debris from kicking up from the road, which can damage your truck and other motor vehicles.

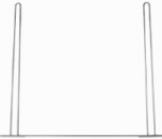

MUD FLAP WEIGHTS ANTI-SAIL BRACKET

Mud flaps protect the underbed of a truck or trailer from corrosion. They also prevent road debris from kicking up from the road, which can damage your truck and other motor vehicles. Our mud flap weights and brackets are fixed on the mud flap to build a nice and shine look.
