

SPRING LOADED LIGHT BARS

Our durable premium quality spring loaded light bars are available in 304/430 stainless steel and premium chrome with different bolt space.

SPRING LOADED LIGHT BARS

Our durable premium quality spring loaded light bars are available in 304/430 stainless steel and premium chrome with different bolt space. The spring-loaded light bars feature two smaller springs under tension which offer surprising resilience and durability. The spring-loaded light bars can be installed using common hand tools, eliminating the need for welding during installation or replacement.
